Petition for Color Drawings

Commissioner for Patents
Washington, District of Columbia 20231

Sir:

Applicant petitions that color drawings be accepted in the above application because color drawings are necessary to illustrate the invention properly. The invention comprises the use of color combinations to represent combinations of keys or chords. Without the use of color, the keys (represented by colored rectangles) involved in (visual representations of) chords are very difficult to determine. Figs. 3 to 5 contain visual representations of chords and are thus in color to illustrate the invention properly.

Very respectfully,

Applicant: _____
